RODA

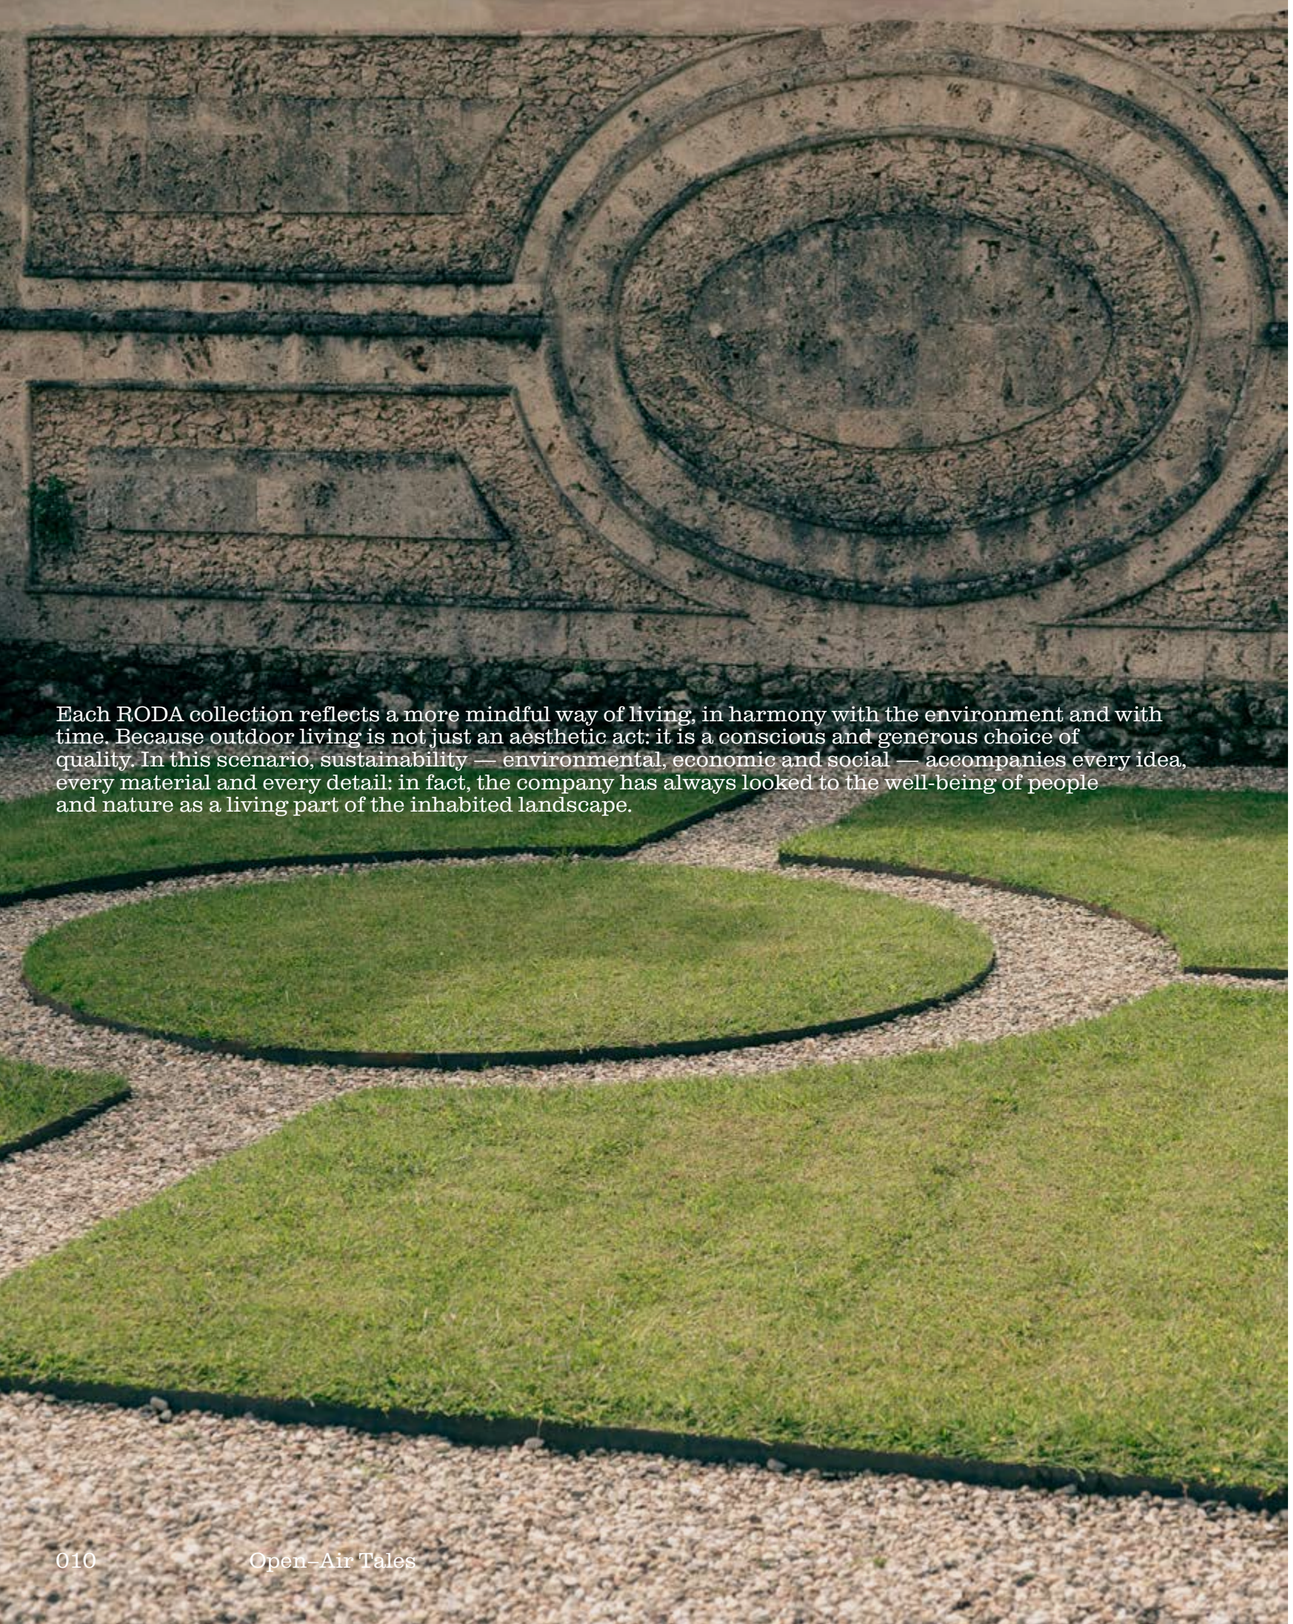
Open–Air Tales

Designing an outdoor space today means imagining a natural extension of living, where the outdoors is a lived-in place, conceived to welcome moments of quiet, socialising, experience and well-being, in continuity with the indoor environment. It is an open but protected space, offering intense moments of conviviality and sensory regeneration, where light changes the rhythm of the day, materials become iridescent and shapes respond to the surrounding context.

Progettare uno spazio esterno oggi significa immaginare un'estensione naturale dell'abitare, dove l'outdoor è un luogo vissuto, pensato per accogliere momenti di quiete, socialità esperienza e benessere, in continuità con l'ambiente interno. È uno spazio aperto ma protetto, che offre intensi momenti di convivialità e rigenerazione sensoriale, dove la luce cambia il ritmo della giornata, i materiali si fanno cangianti e le forme rispondono al contesto circostante.

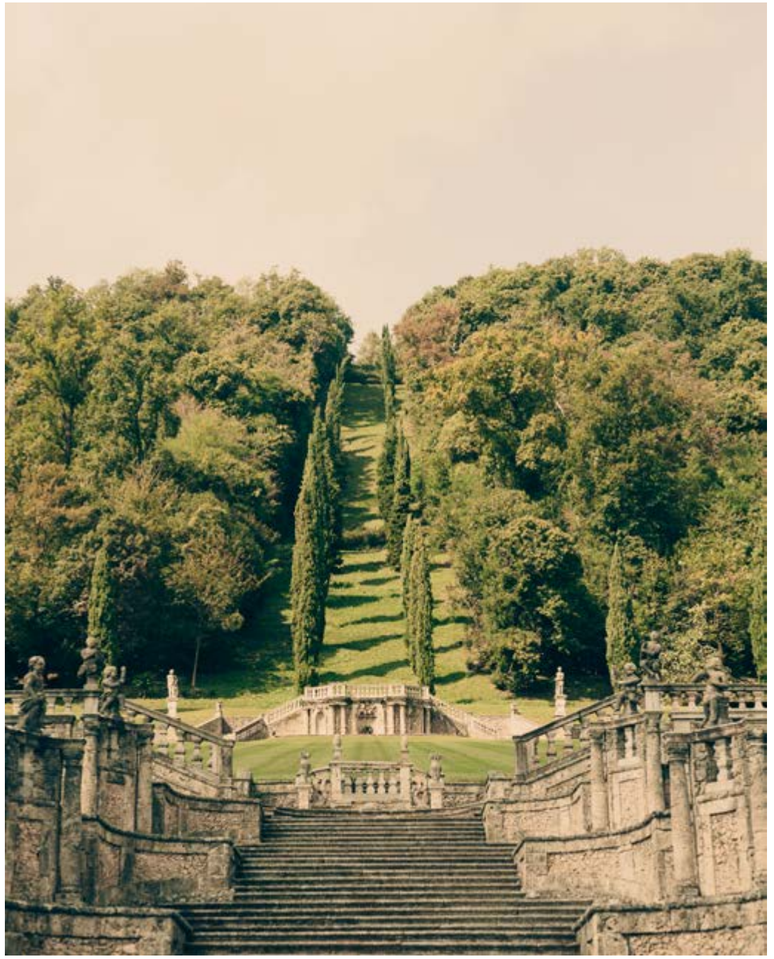
Piaceri della vita e abitudini, riti all'aria aperta che donano appagamento ed energia:
un risveglio rilassato, una pausa rigenerante, un'occasione di incontro, un'esperienza di convivialità.
Nella ricchezza dell'ambiente, all'insegna di emozioni positive.

Life's pleasures and customs, open-air rituals that give us fulfilment and energy: a relaxed awakening, a restorative pause, an opportunity to spend time with others, a convivial experience. All unfolding within a rich and embracing environment, in the name of positive emotions.



Each RODA collection reflects a more mindful way of living, in harmony with the environment and with time. Because outdoor living is not just an aesthetic act: it is a conscious and generous choice of quality. In this scenario, sustainability — environmental, economic and social — accompanies every idea, every material and every detail: in fact, the company has always looked to the well-being of people and nature as a living part of the inhabited landscape.

Ogni collezione RODA racconta un modo di vivere più attento, in armonia con l'ambiente e con il tempo. Perché abitare all'aperto non è solo un gesto estetico: è una scelta di qualità, consapevole e generosa. In questo scenario, la sostenibilità — ambientale, economica e sociale — accompagna ogni idea, ogni materiale e ogni dettaglio: da sempre, infatti, l'azienda guarda al benessere delle persone e alla natura, come parte viva del paesaggio abitato.



Horizons like home. Open, bright views by nature, to be discovered, chosen and contemplated, nourishing the senses, strengthening bonds and enhancing time: spaces to be fully inhabited, where design meets life.

Orizzonti come casa. Panorami aperti e luminosi per natura, da scoprire, scegliere e contemplare, che nutrono i sensi, consolidano legami e valorizzano il tempo: spazi da abitare pienamente, dove il progetto incontra la vita.

Everything is designed to last and be safe. The link between the object and its context reinforces a key value: the affection of those who use it. RODA invests in and conducts research on ageing, seeking to scrutinise the future and understand how the materials used in its furniture react to atmospheric agents and the passing of time: not to prevent or alter, but to anticipate and re-educate the taste for what is worn, lived in, belonged to us, and therefore uniquely ours. The ageing wood and fading colours are traces of time that do not detract from the value of the design: they enrich it, preserving authenticity and memory.

Tutto è pensato per durare, per essere sicuro. Il legame tra oggetto e contesto rafforza un valore chiave: l'affezione di chi lo utilizza. RODA investe e fa ricerca sull'invecchiamento, cercando di scrutare il futuro e comprendere come possano reagire i materiali dei suoi arredi agli agenti atmosferici e al trascorrere dei giorni: ma non per prevenire o alterare, bensì per anticipare e rieducare al gusto di ciò che è consumato, vissuto, appartenuto, e quindi solo nostro. Il legno che invecchia e i colori che si affievoliscono sono tracce del tempo che non sottraggono valore al progetto: lo arricchiscono, custodendo autenticità e memoria.

Norma ↗ 188

All-over softness for a scenographic piece of furniture designed as an elegant, welcoming hybrid of sofa and daybed. The outdoor experience is offered by a hugely comfortable elliptic shape, inclined backrest and a macro weave of padded beframing the structure.

Designed by GORDON GUILLAUMIER

Details p.371

Arena

La morbidezza come protagonista, in un elemento di arredo dall'aspetto scenografico che è sintesi elegante e accogliente tra un divano e un lettino. Per vivere e sentire l'esperienza outdoor grazie a una forma ellittica dal grande comfort, all'inclinazione dello schienale e alla maglia tubolare che incornicia la struttura.

ARENA 001 daybed. Finishes: SMOKE structure, STONE padded belt. Fabric: OXFORD G01 Mole. Products match: BERNARDO 354 side table. Finishes: SMOKE structure, NATURAL gres top, SIMPLON WHITE stone base.

ARENA 001 daybed. Finishes: SMOKE structure, STONE padded belt. Fabric: OXFORD G01 Mole.

ARENA 001 daybed. Finishes: SMOKE structure, CLAY padded belt.

Aspic

Poured concrete is formed into a family of a dining table and coffee tables in three sizes with sinuous shapes and a refined terrazzo finish of the tabletops. Tops can be round or oval, resting on solid vertical walls that give the base characterful concave volumes. The low tables are made in a stylish, versatile grey colour, while the dining table also comes in a choice of orange and green finishes, as well as a mole coloured variant.

Designed by GORDON GUILLAUMIER

Details p.371

Il cemento colato prende forma e si declina in un tavolo da pranzo e in tavoli bassi di tre dimensioni che sorprendono per la sinuosità delle loro forme e la raffinata finitura con graniglia a vista sul piano. Quest'ultimo, di forma rotonda oppure ovale, è sostenuto da solide pareti verticali che generano dei caratteristici volumi concavi alla base. I tavolini bassi sono proposti in un elegante e trasversale color grigio, mentre il tavolo da pranzo offre anche una scelta di finiture colorate, arancione e verde, oltre alla variante in color tortora.

ASPIC 160 table. Finish: GREEN concrete.

ASPIC 160 table. Finish: GREEN concrete. Products match: HARP 759 armchair. Finishes: MILK structure, MINT cord. Cushion: ECO C05 MINT. FILET 001 screen. ASPIC 001 side table, ASPIC 002 coffee table, ASPIC 003 coffee table. Finish: GREY concrete.

Astra

An elegant collection of reclining furniture, on wheels, dedicated to starry skies: lets you dream and change perspective with a gesture. Astra's design plays on the juxtaposition of solid tubular aluminium and cotton-feel ropes to give a fresh, light and comfortable combination to two lounge armchairs — with high or low backs — and a three-seater sofa. A feature of the range is the armrest of the seats, formed by a double cylinder covered with cords.

Designed by RODOLFO DORDONI

Details p.372

Una elegante collezione di arredi reclinabili, su ruote, dedicati ai cieli stellati: per sognare e cambiare prospettiva con un gesto. Il design di Astra gioca accostando solidi tubolari di alluminio e corde con mano cotoniera, a generare una combinazione fresca, leggera e confortevole che si declina in due poltrone lounge — con lo schienale alto oppure basso — e un divano a tre posti. Caratteristico della serie è il bracciolo delle sedute, formato da un doppio cilindro rivestito da corde.

ASTRA 002 lounge chair high backrest. Finishes: SMOKE structure, ROSE cord. Cushion: ECO C04 Rust. Products match: HARP 711 stool. Finishes: SMOKE structure, ROSE cord. ZEFIRO 001 side table and 002 coffee table. Finish: SMOKE structure and top.

↖ Left page: BASKET sofa composition: 357 + 338 sofa, 357 + 334 sofa. Finishes: SMOKE structure, GREY belt. Fabric: OXFORD G01 Mole. Cushions: DEW T43 Sky, DEW T36 Mole. ↗ Right page: BASKET 357 + 339 sofa. Finishes: SMOKE structure, GREY belt. Fabric: DEW T36 Mole.

Basket

Neat, uncluttered lines distinguish a family of coffee tables and modular sofas, born together to make the most of available space and create a sophisticated outdoor–living corner. Strapping forms the impeccably hand–woven backrest of the sofas, adding visual richness to the frame's marked orthogonality.

Designed by GORDON GUILLAUMIER

Details p.373

Linee pulite e rigorose caratterizzano questa famiglia di divani modulari e tavolini, nati insieme per razionalizzare al meglio gli spazi disponibili e dare vita a un sofisticato angolo living in esterno. I divani si distinguono per l'accurato intreccio di cinghie, realizzato a mano, che forma lo schienale e arricchisce la marcata ortogonalità della struttura.

BASKET 353 + 334 sofa, 353 + 333 sofa, BASKET 354 + 335 sofa. Finishes: SMOKE structure, GREY belt. Fabric: DEW T36 Mole. Products match: HARP 368 lounge chair + HARP 311 stool. Finishes: SMOKE structure, GREY cord.

Bernardo

Functional side table with great stability and a linear profile. A white Simplon-granite base, painted stainless steel structure, and square metal top with rounded corners make this a sturdy, practical element suitable for interiors, too. The top of Bernardo is also available round, in wavy glass or matt stoneware, in Natural colour.

Designed by RODOLFO DORDONI

Details p.374

Un complemento funzionale, dai profili lineari e dalla grande stabilità. La caratteristica base di granito bianco del Sempione, la struttura di acciaio inossidabile verniciato e il piano di metallo quadrato con gli angoli smussati lo rendono un elemento di appoggio resistente e pratico, adatto anche agli interni. Il top di Bernardo è disponibile anche rotondo, in vetro ondulato oppure in gres opaco, color Natural.

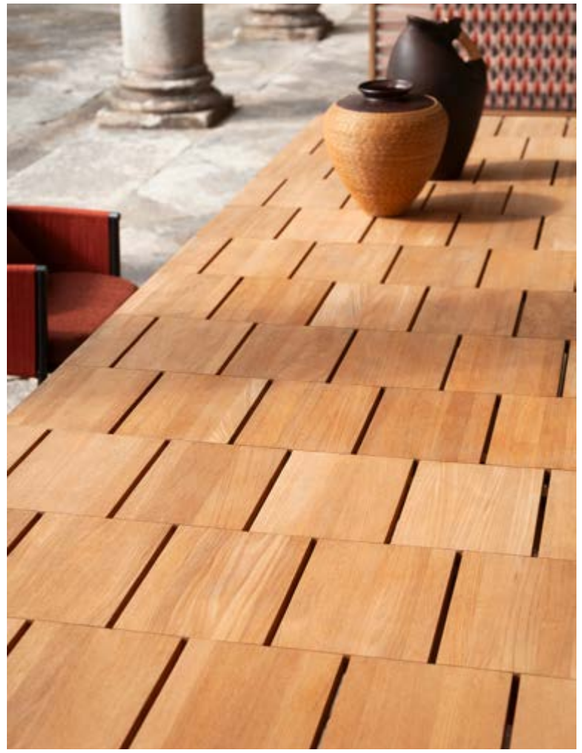
BERNARDO 353 side table. Finishes: SMOKE structure and top, SIMPLON WHITE stone base.

BERNARDO 353 side table. Finishes: MILK structure and top, SIMPLON WHITE stone base.

An extensible table suitable for covered areas and verandas shows how wood can be technically designed with visually arresting results. Thanks to a meticulously engineered system of joints, teak slats compose a top of substantial dimensions, stabilised by a solid frame. By sliding apart the two halves of the top, a hidden leaf is easily unfolded at the centre. Such dynamics invite generous conviviality.

HONOURABLE MENTION FROM THE 2016 COMPASSO D'ORO ADI AWARD.

Brick



Designed by GORDON GUILLAUMIER

Details p.374

Un tavolo allungabile adatto per zone coperte e verande che dimostra come anche con il legno sia possibile fare tecnologia, per arredare e stupire. Grazie a un calibratissimo gioco di incastri, i tasselli di teak compongono e caratterizzano un piano dalle dimensioni importanti, reso stabile da una struttura solida e da un sistema di apertura a farfalla che permette di estrarre con facilità le prolunghe, nascoste dal piano scorrevole. Un tavolo dinamico che invita a una convivialità generosa.

MENZIONE D'ONORE AL XXIV PREMIO COMPASSO D'ORO ADI, NEL 2016.

BRICK 002 extendable table. Finish: TEAK structure and top. Products match: SADDLE 001 comfort chair. Finishes: SMOKE structure, ORANGE cord. Cushion: MEDLEY X14 Rust. Complements: FILET 002 horizontal screen. Finishes: IROKO and SMOKE structure, ROSE and ORANGE belt.

When a table top needs to be suitable both for public and residential spaces. A variety of shapes for this articulated series of square and round dining tables and side tables that stand out for their functionality, practicality and durability. The models in this collection also include a lounge table —for use with armchairs and sofas — and a bar height variant. There is a wide choice of finishes for the tops of each model.

Designed by RODA STUDIO

Details p.375

Button

Quando l'utilizzo trasversale di un elemento di appoggio è fondamentale, sia per il mondo contract sia per l'abitare residenziale. Diverse geometrie caratterizzano una serie articolata di tavoli da pranzo — quadrati e rotondi — e tavolini laterali che spiccano per funzionalità, praticità e resistenza. Tra i modelli della collezione ci sono anche un tavolo lounge — da impiegare con poltrone e divani — e una variante ad altezza bar. Ampia è la proposta di finiture per i top di ciascun modello.

The appeal and function of a contemporary upholstered sofa in an outdoor version. Versatile and technologically innovative, its high performance is guaranteed by the quality materials used, but the Dandy is above all very comfortable. The modular design allows for multiple compositions corresponding to the differing requirements of customised use, space enhancement and layout. The seat is available in three sizes. The backrest and armrests can be configured for all types of settings, from the most intimate to the most commodious.

Dandy

Designed by RODOLFO DORDONI

Details p.376

L'appeal e la funzionalità di un divano tessile contemporaneo, in versione outdoor. Dunque versatile, innovativo nella tecnologia, con alte performance garantite dalla qualità dei materiali utilizzati. E, soprattutto, molto comodo. Dandy è un progetto modulare che consente molteplici composizioni per rispondere alle più differenti esigenze di personalizzazione, valorizzazione e gestione dello spazio. I moduli di seduta sono disponibili in tre dimensioni e gli schienali e i braccioli sono configurabili per qualsiasi ambiente, dal più intimo al più ampio.

The shapes of comfort and versatility defining the Eden collection find renewed expression in natural teak in addition to the whitened teak, amplifying and facilitating the combination possibilities with furniture made in the same wood. Starting with its name, Eden is meant to communicate the pleasure of freedom — it is an invitation to enjoy it outdoors and inside. The design is distinct for its generous volumes and modular practicality, which can be customised at will with mix-and-match materials.

Designed by RODOLFO DORDONI

Details p.378

Eden

Le forme della comodità e della versatilità che definiscono la collezione Eden trovano espressione rinnovata nel legno di teak naturale che si aggiunge alla finitura in teak sbiancato. Questa versione amplia e agevola le possibilità di combinazione con arredi realizzati nella stessa essenza lignea. Eden è un progetto che, fin dal suo nome, comunica il piacere della libertà e invita a goderne tra ambienti interni ed esterni. Il design si distingue per volumi generosi e una pratica modularità, da personalizzare con un mix & match di materiali.

Eolie

Like an archipelago of elements, designed and developed around the juxtaposition of a wide iroko wood slat. The Eolie collection boasts a refined, precise and essential design. A distinguishing feature is the freedom to pick and choose amongst its components: sun lounger, low table and gazebo, to be enjoyed by the pool, boat or seaside. In these enclaves of comfort, the choice of colour — both of wood and upholstery — becomes a further variable: the wood is either natural or painted in three desaturated tones, with the grain visible; there is a wide choice of colours in the fabrics for the cushions, which are available in two sizes in addition to the thicker armrest.

Designed by GORDON GUILLUMIER

Details p.380

Come un arcipelago di elementi, disegnati e sviluppati intorno all'accostamento di una larga doga in legno di iroko. Eolie è una collezione dal disegno raffinato, preciso ed essenziale. Elemento distintivo è la libertà di composizione tra i suoi componenti: lettini prendisole, tavolini e gazebo, da godere in piscina, in barca o in riva al mare. In queste isole di comfort la scelta cromatica — tra legno e rivestimenti — diventa una ulteriore variabile: il legno è al naturale oppure verniciato in tre tonalità desaturate, con le venature a vista; ampia è la scelta dei colori nei tessuti per i cuscini, disponibili in due formati oltre al bracciolo dal maggior spessore.

EOLIE 010 gazebo including 2 × sunlounger with 2 × slim cushions. Finishes: NATURAL IROKO structure, GREY batyline.

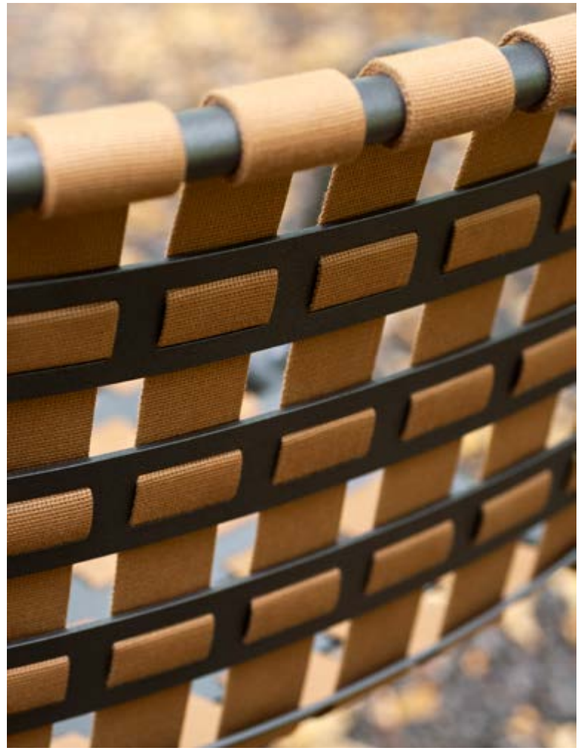
Erice

Handcraft becomes a purely decorative element in a simple armchair with an original personality. The laser–cut aluminum frame serves as both structure and canvas, gently guiding the weave into a pattern of striking graphic rhythm, light and fluid like fabric in motion. As warp and weft, metal and straps allow for a wide range of color combinations depending on their hues. The armrests, wrapped in cords, and the seat cushion not only add comfort but also enrich Erice with refined aesthetic details.



Designed by LUCA PEVERE

Details p.381

Il lavoro manuale diventa elemento di pura decorazione in una sedia con braccioli semplice, ma dalla personalità originale.
La struttura in alluminio tagliato a laser di Erice funge da telaio e guida l'intreccio in modo intuitivo, creando un pattern dal forte impatto grafico e dal profilo leggero e fluido come un tessuto.
Come trama e ordito, metallo e cinghie permettono di creare molteplici combinazioni cromatiche al variare del loro colore.
I braccioli avvolti dalle corde e il cuscino di seduta, oltre ad aggiungere comfort, arricchiscono Erice con ulteriori dettagli estetici.

Linear design and extensible modularity promote the flexibility of an elegant, highly functional system. Estendo is a sofa that effortlessly combines straight and curved lines, thanks to the interplay of concealed joints characterising the aluminium frame that holds the cushions. The seats of the armchair and sofa are welcoming and roomy. Modules with or without armrests are available in different configurations, including corner elements. A very comfortable set that adapts to the space and extends harmoniously.

Designed by LUCA PEVERE

Details p.382

Estendo

Design lineare e modularità estensibile assecondano la flessibilità di un sistema elegante e molto funzionale. Estendo è un divano che unisce con semplicità linee rette e curve, grazie al gioco di giunti a scomparsa caratterizzante la struttura in alluminio che ospita gli imbottiti. Le sedute della poltrona e del divano sono accoglienti e generose; i moduli, con e senza braccioli, sono disponibili in diverse configurazioni, tra cui quella angolare. Un insieme molto comodo che si adatta allo spazio e si sviluppa con armonia.

ESTENDO sofa composition: 222 two-seater terminal left module, 213 two-seater central module, 512 chaise-longue left module. Finish: MILK structure. Fabric: ECO C05 Mint. Gamma is where simplicity, clarity and elegance exalt the beauty of the materials and their combinations. The elementary lines of this table are a pragmatic answer to a demand for functionality and variety. Its shape is given by slender metal legs connected to one another by a cross structure, and a circular top in two sizes.

Designed by RODA STUDIO

Details p.384

Gamma

Quando semplicità, chiarezza ed eleganza nel disegno valorizzano la bellezza dei materiali e delle loro combinazioni. Gamma è un tavolo dai segni essenziali che risponde in modo pragmatico alle richieste di funzionalità e varietà. La sua forma è definita da gambe slanciate — collegate tra loro da una struttura a croce — e da un piano rotondo, disponibile in due dimensioni.

The Harp line of seating substantiates craftsmanship, elegance and quality. Chairs, stools, daybeds and armchairs feature a hand-worked stainless-steel structure and hand-stretched double-twisted cording. Colour variants are many, as are the possible combinations between the finishes of the frameand the colours of the cording. This is in order to integrate harmoniously in all settings and with all types of outdoor furniture.

Designed by RODOLFO DORDONI

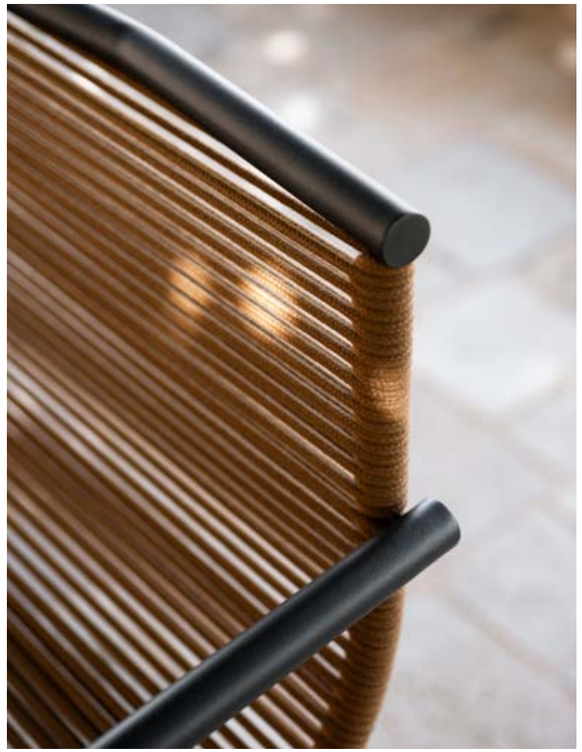
Laze

Designed by GORDON GUILLAUMIER

Bold geometrics distinguish this seating collection, consisting of a lounge chair, rocking chair, and dining chair with and without armrests, as well as a comfortable footrest. Its wide, enveloping shell is an invitation to relax, while soft filaments support the body and accommodate the comfortable seat and back cushions, which can be arranged as desired.



Details p.386

Geometrie di grande carattere per una collezione di sedute composta da poltrona, poltrona a dondolo, sedia da pranzo con e senza braccioli, oltre a un comodo poggiapiedi. Una scocca larga e avvolgente invita al riposo, mentre i morbidi filamenti sostengono il corpo e accolgono i confortevoli cuscini, di seduta e schienale, che ne completano all'occorrenza la composizione.

Mamba

Curved layouts welcome and envelope, as if suspended in mid-air. The Mamba collection is made up of hugely comfortable upholstered sofas with an original design. The modules have different shapes, linear or pentagonal, and can be fitted together to form classic arrangements or obtain unexpected lengths. The backrests lean slightly, opening up the angle they make with the seat. The structures stand on unobtrusive cylindrical feet. This upholstered line demonstrates experienced and excellent Italian manufacturing.

Designed by RODOLFO DORDONI

Details p.388

Profili sinuosi che accolgono e avvolgono, come sospesi. Mamba è una collezione di divani imbottiti dal grande comfort e dal disegno originale: i moduli hanno forme diverse — lineari o pentagonali — e sono aggregabili a piacere per generare volumi classici oppure dare vita a lunghezze inattese. Gli schienali si aprono leggeri per superare la perpendicolarità rispetto alle sedute, mentre le strutture poggiano su piedi cilindrici poco esposti alla vista. Un imbottito che è testimone dell'esperienza e dell'eccellenza manufatturiera italiana.

MAMBA 001 module right + 011 backrest. MAMBA 002 module left + 010 backrest.

Mistral

A solid teak frame is the common denominator here. Strapping forms the seats of sofas and daybeds with modest dimensions, making them suited for metropolitan settings such as terraces and balconies. The design and the presence of teak are reminiscent of the archetypical RODA Network line of furniture, a timeless success.

Designed by RODOLFO DORDONI

Details p.389

Un solido telaio di teak fa da costante progettuale e accoglie intrecci di cinghie che disegnano le sedute di una serie di divani e lettini dalle dimensioni contenute, adatte anche ad ambienti metropolitani come terrazzi e balconi. Il disegno e la presenza del teak rimandano alla collezione archetipica Network, dal successo senza tempo.

MISTRAL 101 sofa. Finishes: TEAK structure, TEAL belt. Complements: BUSH ON 002 and 003 planter. Finish: CORK.

NAP 082 rocking chair. Finishes: SMOKE structure, TEAK slats and rockers. Cushion: DEW T58 Denim. Products match: ROOT 045 side table. Finishes: TEAK structure, LUNA stone top.

Playfulness is given by the rocking movement. Seriousness is given by stability. The Nap is a welcoming rocking chair with generous dimensions. It envelops the body like a comforting hug. Seat and backrest are in broad slats of teak, while the frame is made of stainless steel.

Designed by GORDON GUILLAUMIER

Details p.389

Nap

Gioco e funzione insieme, tra il moto dell'altalena e la staticità della seduta. Nap è una poltrona a dondolo accogliente, dalle dimensioni generose e dal comfort che è come un abbraccio avvolgente. Seduta e schienale sono di teak, in larghe doghe, mentre la struttura è realizzata in acciaio inossidabile.

A historical, iconic collection that illustrates the RODA vision and soul. A complete and accomplished world, a system of furniture based on design, versatility and updated colours, all resulting in its success as a long-seller. From sofa to coffee table, from chair to bench, the variety of models embodies the perfect concept of indoor-outdoor living, dining and relaxing.

Designed by RODOLFO DORDONI

Details p.390

Network

Una collezione storica e iconica che parla di RODA, della sua visione e della sua anima. Un mondo completo e compiuto, un vero e proprio sistema di arredi che trova nel design, nella versatilità e nell'aggiornamento dei colori la chiave del suo continuo successo. Dai divani ai tavolini, dalle sedie alle panche, la declinazione perfetta del concetto di in&out tra living, dining e relaxing.

A project that narrates the world of cooking from the RODA perspective, designed to make the most of outdoor places to be enjoyed in company with others. Norma is an outdoor kitchen that invites conviviality, in the name of a taste for hospitality and beauty, combining comfort, functionality and good design. It is modular, dynamic, versatile and adapts easily to many different sizes and types of space.

Designed by RODOLFO DORDONI

Details p.391

Norma

Un progetto che racconta il mondo della cucina dalla prospettiva di RODA, pensato per completare il senso dei luoghi outdoor da vivere insieme. Norma è una cucina da esterno che invita alla convivialità, in nome del gusto per l'accoglienza e del bello, tra ricerca di comfort, funzionalità e buon design. È componibile, dinamica, versatile e si adatta con facilità a spazi diversi per dimensione e natura.

Fluid lines and destructured volumes welcome the most easy-going relaxation. Lounge-chair, chaise-longue and pouf are the elements of the Onda collection, whose cheerful, cosy shapes are ready to animate the atmosphere with refined informality. Seating is soft and compact, with an inner water-repellent liner designed for carefree outdoor use. The base is covered with Batyline, making it immune to rips and suited for uneven paving. A practical strap handle on the two larger pieces makes the Onda easy to move around.

Designed by GORDON GUILLAUMIER

Details p.392

Onda

Geometrie fluide e volumi destrutturati invitano al relax più disinvolto. Poltrona, chaise longue e pouf sono gli elementi che compongono la collezione Onda, dalle forme felici e avvolgenti, pronte ad animare atmosfere di raffinata informalità. Le sedute, morbide e compatte, hanno un rivestimento interno idrorepellente progettato per un utilizzo outdoor senza pensieri; la base, foderata di Batyline, è immune agli strappi e adatta anche su fondi sconnessi. Inoltre una pratica maniglia di cinghia facilita lo spostamento negli spazi dei due elementi più grandi.

A collection with a clean, refined design and bursting with character. Teak is the protagonist in this well-structured series of folding director's chairs: two dining chairs with arms, a lounge chair, a footstool, all endowed with a contemporary and very fresh appeal, thanks also to the hues of the structural fabrics they feature. The two dining chairs have the same wooden frame; one has canvas sides while the other does not. Completing the range is the sun lounger with teak slats, offering ergonomic and comfortable support for long moments of relaxation.

Designed by GORDON GUILLAUMIER

Details p.393

Orson

Una collezione dal design pulito, raffinato, di grande carattere. Il teak è protagonista in una serie articolata di sedute da regista pieghevoli: due poltrone da pranzo, una poltrona lounge, un poggiapiedi, tutti arredi dall'appeal contemporaneo e molto fresco, grazie anche ai toni dei tessuti strutturali che li caratterizzano. Le due poltroncine da pranzo presentano la stessa struttura in legno, una è caratterizzata da telini laterali mentre l'altra ne è priva. Completa la gamma il lettino in doghe di teak, un appoggio ergonomico e confortevole per lunghi momenti di riposo.

Philia

A name as a tribute, to sanction a deep, affectionate and complicit bond. Philia — meaning friendship, considered by the ancient Greeks the highest form of love — is a system of sofas designed by Rodolfo Dordoni, artistic director of RODA for many years. Generous size, modularity and construction details with clear references to world of yachting distinguish Philia and make this a project with a flexible and elegant character. Each module in the system features a slatted teak base reminiscent of decks and nautical surfaces: a robust raised platform with a perimeter frame and slats that also act as table tops, alternating with comfortable seats.

Designed by RODOLFO DORDONI

Details p.394

Un nome come tributo, a sancire un legame profondo, affezionato e complice. Philia — ossia l'amicizia, considerata dagli antichi Greci la più alta forma di amore — è un sistema di divani firmato da Rodolfo Dordoni, direttore artistico di RODA per molti anni. Le dimensioni generose, la componibilità e i dettagli costruttivi che rimandano con raffinatezza al mondo della nautica distinguono Philia e lo rendono un progetto dal carattere flessibile ed elegante. Ogni modulo del sistema presenta una base in doghe di teak che si rifà ai ponti e ai rivestimenti nautici: una piattaforma solida e sospesa, costituita da una cornice perimetrale e da listelli che fungono anche da piani di appoggio, alternati alle confortevoli sedute.

PHILIA 302 3-seater right module + PHILIA 900 coffee table. Finish: TEAK structure. 3 × PHILIA 101 backrest. Finish: SAND batyline and belt, TEAK profiles. Fabric: MEDLEY X14 rust. Plein Air

Welcome guests out of doors, with a clean, refined style. The Plein Air collection is composed of tables and seating and conveys both rigour and lightness in its combination of shapes, lines, materials and sustainable, easy-care finishes. The elements blend effortlessly into their surroundings and with other pieces of furniture, thanks to their understated, careful and refined elegance.

Designed by MICHAEL ANASTASSIADES

Details p.398

Accogliere all'aria aperta, nello stile di un design pulito e raffinato. Plein Air è una collezione composta da tavoli e sedute e trasmette al contempo rigore e leggerezza nella sua combinazione di forme, linee, materiali e finiture sostenibili dalla facile gestione. Gli elementi si integrano agilmente nell'ambiente circostante e con altri arredi, grazie alla loro sobria, attenta e ricercata eleganza.

A family of coffee tables boasting a fresh and sophisticated appeal, with a slender top supported on a central leg — made of solid teak — that divides into four ground support points. These items provide practical and serviceable surfaces, solid yet light. Their versatility and character make them suitable for a wide variety of settings.

Root

Designed by RODOLFO DORDONI

Details p.398

Una famiglia di tavolini dall'appeal fresco e sofisticato, dato da un piano sottile accolto su una gamba centrale — in massello di teak — che si scompone in quattro punti di appoggio a terra. Sono arredi che fungono da pratici piani di servizio, solidi e al contempo leggeri. Il loro carattere versatile e la loro personalità li rendono adatti alle più diverse ambientazioni.

Perfectly balanced proportions deliver a compact design without compromising on comfort. The signature horseshoe-shaped backrest of Saddle chair is wrapped in an eye-catching, ball-weave rope, giving the chair a light and welcoming look — made even more versatile by its durable aluminum frame.

Designed by GORDON GUILLAUMIER

Details p.399

Saddle

Proporzioni perfettamente bilanciate danno vita a un design compatto, che non rinuncia al comfort. La curva a ferro di cavallo che disegna il pozzetto della poltroncina da pranzo Saddle è impreziosita da un intreccio a gomitolo in corda, creando una scocca leggera e accogliente, valorizzata dalla struttura in alluminio.

Spinnaker

A table that embodies the encounter between design precision and material solidity. Slats in solid teak atop a stainless-steel structure give life to expressive and highly functional geometry. The Spinnaker is an invitation to generous hospitality, thanks to its large extensible top, which effortlessly seats numerous guests.

Designed by GORDON GUILLAUMIER

Details p.399

Un tavolo come incontro tra il rigore del disegno e la solidità della materia, con doghe in massello di teak e una struttura di acciaio inossidabile che danno vita a una geometria espressiva e altamente funzionale. Spinnaker è accoglienza generosa e invitante, grazie al suo grande piano allungabile, apribile a ribalta, che permette di accomodare con agio molti ospiti.

Vibrant woven textures combine with strong, sinuous lines to make a collection of sofas, armchair and coffee tables. Upholstered seats, welcoming and light, are combined with differently covered backrests. The cording wound around the tubular metal frame is similar to thread around a spool, hence the name. Then there is a weave of padded belting, generous and eveloping.

Designed by RODOLFO DORDONI

Details p.400

Spool

Intrecci e texture vibranti, insieme a linee sinuose e forti, caratterizzano questa collezione di divani, poltrona e tavolini. Gli imbottiti sono accoglienti e leggeri, con un susseguirsi di corde o di cinghie imbottite la cui trama si definisce grazie alla presenza del telaio di tubolare metallico, a ricordare una spola.

A name that evokes the elegance of the pearl of Lake Maggiore — Stresa — with its perfectly preserved Liberty-style villas and timeless charm. This collection is a contemporary reinterpretation of classic outdoor metal furniture — those garden pieces found in lakeside hotels and residences, as well as on seaside terraces or in the countryside. It offers a modern vision of a tradition-infused idea: from the dining table to the lounge area, every furnishing element carries with it a timeless allure.

Designed by PIERO LISSONI

Details p.401

Stresa

Un nome che richiama l'eleganza della perla del Lago Maggiore, Stresa, con le sue ville d'epoca dall'architettura in stile Liberty perfettamente conservata. Questa collezione è la reinterpretazione dei classici arredi per esterno in metallo, di quei mobili da giardino che si trovano negli alberghi e nelle residenze intorno ai laghi, così come sulle terrazze al mare o in campagna. È la visione contemporanea di un'idea che profuma di tradizione: dal tavolo da pranzo al salotto, ogni elemento d'arredo porta con sè un fascino senza tempo.

TEKA sofa composition. 2 × TEKA 005 module right. Finish: TEAK structure

A wide-ranging collection to create settings with compositional harmony, for lounging and dining. The design is based on an original geometric construction in the shape of a prism. A formal detail distinguishes the upholstery: buttons slip through the slats of backrests and armrests perfectly, adding an aesthetic element that prevents the cushions from slipping.

Designed by GORDON GUILLAUMIER

Details p.403

Teka

Una collezione ampia che crea soluzioni living e dining dalla grande armonia compositiva. Il design si sviluppa intorno a una originale geometria costruttiva a forma di prisma. Un dettaglio formale completa il progetto degli imbottiti: una serie di bottoni si incastra perfettamente tra le doghe dello schienale e dei braccioli, aggiungendo un elemento estetico e impedendo ai cuscini di spostarsi.

Fine craftsmanship and industrial efficiency combine to create an original dining collection designed by AMDL CIRCLE, the studio founded by Michele De Lucchi. The characteristic feature of Teseo is the cord stitching joining the teak slats that make up both the table top and the chair: a sartorial process and detail that are a stylistic motif of the designer and whose result stands out among RODA's proposals. The table and chair showcase the design solution of "sewing wood": the former displays meticulous balance between the sewn slats of the seat and the sinuous turned legs, while the seat itself has faceted sides and continuous stitching on all its slats.

Designed by AMDL CIRCLE

Details p.404

Teseo

Alta artigianalità ed efficienza industriale, insieme, danno vita a una originale collezione dining progettata da AMDL CIRCLE, lo studio fondato da Michele De Lucchi. Il tratto caratteristico di Teseo è una cucitura di corde che unisce tra loro i listelli di teak componenti sia il piano del tavolo sia la seduta: un processo e un dettaglio sartoriali che sono cifra stilistica dell'autore e il cui risultato spicca tra le proposte di RODA. Il tavolo e la sedia enfatizzano la soluzione progettuale del "cucire il legno": il primo rivela un attento equilibrio tra le doghe cucite del piano e le gambe sinuose e tornite, mentre la seduta, dai fianchi sfaccettati, presenta una cordatura continua tra i suoi listelli.

TESEO 049 chair. Finishes: TEAK structure, MOLE cord.

Thea

Soft lines, organic shapes and geometric patterns evoke the harmonious lines of the calathea, a tropical American plant known for the beauty of its striped leaves. The collection is composed of a sofa, armchair and coffee tables, all characterised by the elegant profiles of an aluminium frame.

Designed by ADAM D. TIHANY

Details p.404

Linee morbide, forme organiche e pattern geometrici rievocano le armoniose silhouette della Calathea, pianta dell'America tropicale nota per la bellezza delle sue foglie striate. La collezione è composta da divano, poltrona e tavolini, tutti caratterizzati dagli eleganti profili di un telaio in alluminio.

Zania

Comfortable and functional, the Zania dining tables, chair with arms and bar stool integrate readily in all kinds of settings. The collection is made in iroko, a warm-coloured, durable wood with extreme resistance to wet conditions. The design features slatted surfaces and legs with rounded edges, both for the table and stackable chair.

Designed by RODA STUDIO

Details p.406

Comodità e funzionalità per integrarsi con immediatezza nei contesti più differenti. Zania è una collezione composta da tavoli da pranzo, una sedia con braccioli e uno sgabello bar, tutti in legno di iroko, una essenza dal tono caldo, durevole ed estremamente resistente all'umidità. Il disegno degli arredi è caratterizzato da superfici dogate e da gambe che si mostrano stondate nella parte di appoggio, sia nel tavolo sia nella seduta impilabile.

ZANIA 001 armchair and 080 table. Finish: NATURAL IROKO structure.

ZANIA 001 armchair and 080 table. Finish: NATURAL IROKO structure.

A slender, circular element rests lightly on its base, creating a structured family of small tables. Lightness and transversality define the Zefiro collection, which adapts easily to different contexts and uses, thanks to the shapes, sizes and finishes available. The base is made of stainless steel, while the top is in aluminium — in a choice of two colours — or stoneware.

Zefiro

Designed by PIERO LISSONI

Details p.406

Un elemento circolare sottile si appoggia, lieve, su una struttura e dà vita a un'articolata famiglia di tavolini. Leggerezza e trasversalità definiscono la collezione Zefiro, adattabile a contesti e utilizzi diversi grazie alle forme, dimensioni e finiture disponibili. La struttura è in acciaio inossidabile, mentre il top è in alluminio — con due possibili colorazioni — oppure gres.

Wooden slats, cords and belts combine to create elegant new surfaces, designed for RODA by UNPIZZO, a research studio specialising in the creation of weaves for furniture. In the various Barrique formats, iroko wood becomes an unexpected texture and belting creates a pattern completed by the fine cordage that outlines diamonds on the entire surface of the cylinder. Structure and decoration thus become a whole made of different materials, with the wood discovering a new form and role in this finely crafted accessory.

Barrique

Designed by UNPIZZO

Complements

Details p.373

Listelli di legno, corde e cinghie si uniscono per creare dei coprivasi inediti ed eleganti, ideati per RODA da UNPIZZO, studio e laboratorio specializzato nella realizzazione di intrecci per l'arredamento. Nei diversi formati di Barrique, il legno di iroko si fa trama inaspettata e le fasce, come ordito, generano un pattern completato dalla sottile cordatura che definisce dei rombi sull'intera superficie del cilindro. Struttura e decoro sono dunque un tutt'uno composto dai diversi materiali, con l'essenza lignea che scopre una forma e un ruolo nuovi in questo complemento finemente artigianale.

The redesign of a charming, useful accessory makes for a refined, light-weight and multifunctional trolley with two stainless steel shelves framed by teak, which are removable in order to be used as helpful trays.

Designed by GORDON GUILLAUMIER

Complements

Details p.376

Caddy

Un accattivante complemento che ripensa i canoni estetici di un arredo di servizio, da appoggio. Dal design raffinato e leggero, la sua struttura è multifunzionale: i due piani di acciaio inossidabile incorniciati dal legno di teak sono estraibili al bisogno, in modo da poter essere usati anche come utili vassoi.

CADDY 001 bar trolley. Finishes: TEAK structure, STAINLESS STEEL trays top.

With a visual reference to the trunk of a tree, the cylindrical planter in expanded cork is bevelled at the base. Ready to host and elevate plants and flowers, its material is entirely natural, composed of granules of cork bark melded together with their own resin content by means of high-temperature steam.

Cortica

Designed by RODA STUDIO

Complements

Details p.376

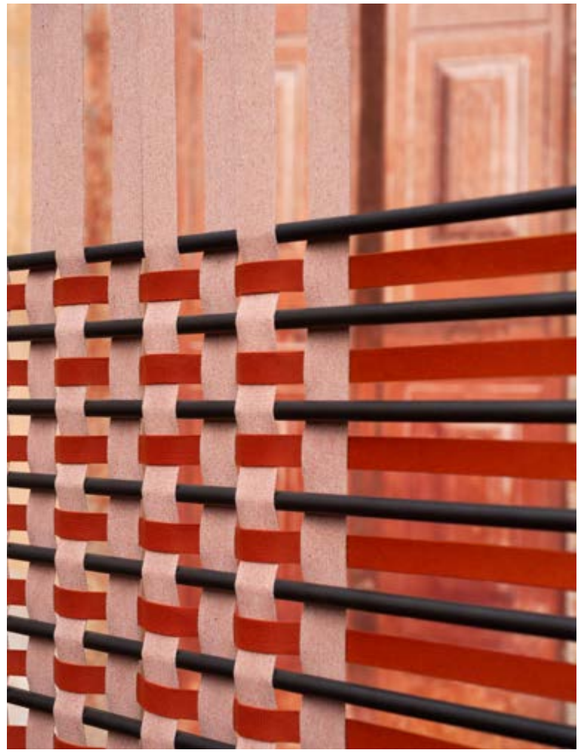
Come per ricordare il tronco di un albero. Un vaso in sughero bruno dalla forma cilindrica smussata sui bordi, pronto a ospitare e valorizzare piante e fiori. Il suo materiale è completamente naturale ed è composto da granuli di corteccia che rimangono uniti tra loro grazie alle resine originarie della pianta e a un trattamento con vapore acqueo ad alta temperatura.

CORTICA 002 planter. Finish: CORK.

CORTICA 001 planter. Finish: CORK.

An example of contemporary craftsmanship, where tradition and design are interwoven like the belts — in a single color or two-tone — that overlap the metal elements of the supporting structure. Filet is a handmade divider that forms a net built point by point, with a three-dimensional effect, following a precise pattern that alternates full and empty spaces, shadows and transparencies. The screen can be positioned vertically or horizontally, acting as a delicate filter between rooms that interact with one another.

Filet



Designed by UNPIZZO

Complements

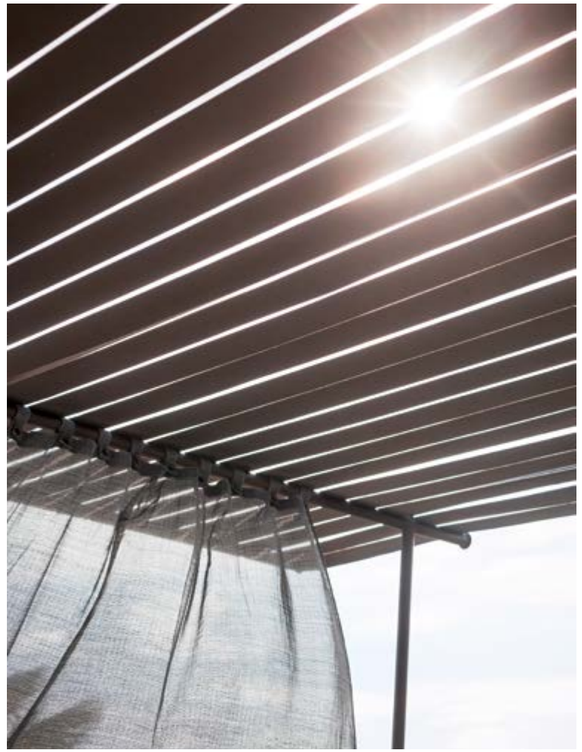
Details p.384

Un esempio di artigianato contemporaneo, in cui tradizione e design si intrecciano come le cinghie — di un unico colore o di due — che si sovrappongono agli elementi metallici della struttura portante. Filet è un divisorio realizzato a mano, che forma una rete costruita punto dopo punto con un effetto tridimensionale, seguendo un disegno preciso che alterna spazi pieni e vuoti, ombre e trasparenze. Il paravento può essere verticale oppure orizzontale, un delicato filtro tra stanze che interagiscono tra loro.

FILET 001 vertical screen. Finishes: IROKO and SMOKE structure, ROSE and ORANGE belt.

FILET 001 vertical screen. Finishes: IROKO and SMOKE structure, TEAL and MINT belt. FILET 002 horizontal screen. Finishes: IROKO and SMOKE structure, TEAL and MINT belt.

A sun-screening structure with a refined Mediterranean feel. Slender tubular steel is fitted with a canopy made of strapping. A light-weight, elegant gazebo that is self-standing and portable thanks to wheels that complete its functional features.



Designed by ANTONINO SCIORTINO

Complements

Details p.392

Ombrina

Una struttura parasole dalla raffinata anima mediterranea, caratterizzata da un sottile tubolare di acciaio che accoglie una copertura composta da una serie di cinghie. Un gazebo leggero ed elegante, autoportante e mobile — grazie alle ruote che ne completano la funzionalità.

OMBRINA 001 gazebo. Finishes: SMOKE structure, GREY belt. Curtains: GREY.

OMBRINA 001 gazebo. Finishes: SMOKE structure, GREY belt. Curtains: GREY. Products match: ORSON 008 sunlounger. Finish: TEAK structure. Cushion: OXFORD G01 Mole.

PILLOW 001 and 002 lantern. Finishes: TEAK structure, SAND canatex.

Pillow

The light-weight lantern with natural hues and refined lines has a teak base and a shade made of Canatex and strapping. A practical handle allows it to be floor-standing or hanging. It gives flattering and intimate light, from warm to cool, to complete the atmosphere of impeccable and truly welcoming outdoor settings.

Designed by GORDON GUILLAUMIER

Complements

Details p.395

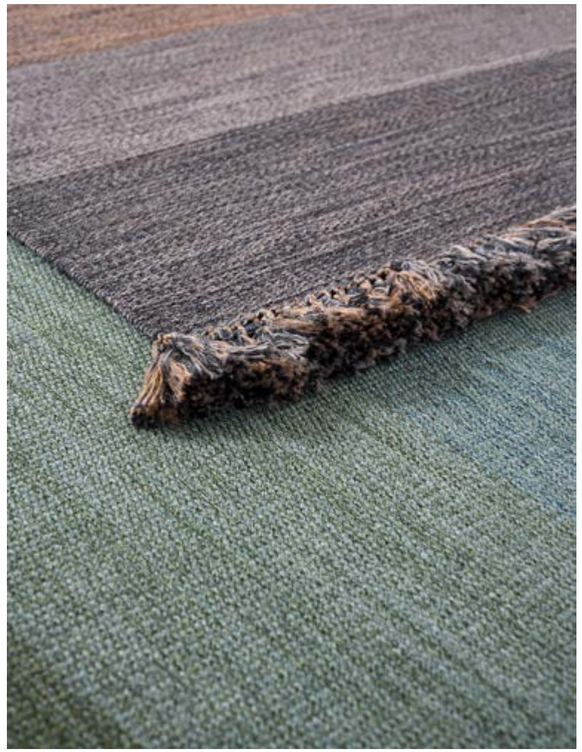
Una lanterna leggera, dai toni naturali e dal disegno raffinato, con una base di teak e poi Canatex e cinghia per il paralume e la pratica maniglia che la caratterizza — e la rende una fonte di luce sia da terra sia appesa. Una luce bella e intima, calda o fredda, per completare l'atmosfera di esterni attenti e davvero accoglienti.

Tint

A sophisticated combination of hues and mélange yarns allows the Tint to dialogue with natural surroundings, furniture and people. Two colour variants of warm and cool colours generate a harmonious and refined space, where sunlight adds an elegant note of shimmer. One version is embellished with bands of cool greys and warm browns. The other is composed of different shades of blue united with greens that are the possible tonalities of lush vegetation.

Designed by MARIA GABRIELLA ZECCA

Complements Details p.405



Una sofisticata combinazione di toni e filati per tappeti che dialogano con l'ambiente e gli arredi. E con le persone che li vivono. Due le varianti di colore in cui cromie calde e fredde generano insieme uno spazio armonioso e raffinato, grazie alla complicità della luce del sole che crea un elegante gioco di tonalità. Un tappeto presenta colori caldi e freddi, sfumati tra loro in fasce di grigi e bruni; l'altro è caratterizzato da fasce con diversi toni di azzurro che si uniscono a tanti, possibili verdi di una vibrante vegetazione.

TINT 001 rug. Finishes: GREIGE, BLUEEN.

The name of this family refers to the geometry of the rug surfaces, divided into three identical portions marked by the weft decoratively exposing some of the warp. The resulting effect is like ajouré needlework. Tradition and contemporaneity together allow the rug to furnish an outdoor setting by marking out new spaces while being admirable for its elegance and softness.

Designed by RODA STUDIO

Complements

Details p.405

Triptyque

Il nome della collezione richiama la geometria delle superfici dei tappeti, suddivise in tre porzioni identiche e scandite dall'alternanza tra filato e ordito. Il disegno risultante evoca gli orli a giorno da sartoria: tradizione e contemporaneità insieme, per completare l'arredo di giardini con un elemento che genera nuovi spazi e riesce sempre a stupire per eleganza e morbidezza.

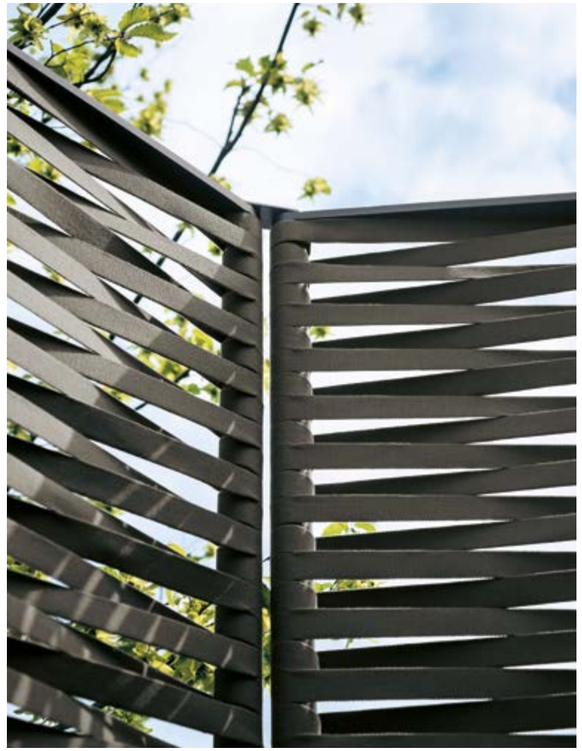
TRIPTYQUE 001 and 002 rug. Finish: NATURAL, STONE, BRICK.

WING 001 vertical screen + 101 extension. Finishes: SMOKE structure, GREY belt. Products match: LAWRENCE 390 lounge chair. Finishes: SMOKE structure, GREEN canvas. ROOT 045 side table.

Wing

A handsome screen makes for a backdrop. A stainless-steel frame is fitted with a textile partition composed of strapping. Available in vertical or horizontal sizes. The vertical version can be extended with practical sections, easily hooked on. The Wing is an innovative element with which to create privacy and shape the space of garden or terrace in a functional way.

Designed by RODOLFO DORDONI



Complements

Details p.405

Un elegante paravento che funge da quinta, con una struttura di acciaio inossidabile che si fa telaio per accogliere una parete tessile composta di cinghie. Può essere orizzontale oppure verticale, versione in cui sono previste delle pratiche estensioni dall'aggancio facile. È un elemento innovativo per creare spazi riservati e modulare l'ambiente in modo funzionale, in giardino o in terrazza.

Innovation, technology and passion: for over thirty years, RODA has been proposing its own vision of the Italian design in the world, dictating with its collections the lines of a sophisticated and cosmopolitan style. A positive and solid story originated in a love for beautiful, liveable outdoor areas. It has unfolded under the construction and international diffusion of a renewed culture of the home environment based on new aesthetic languages, high quality and character.

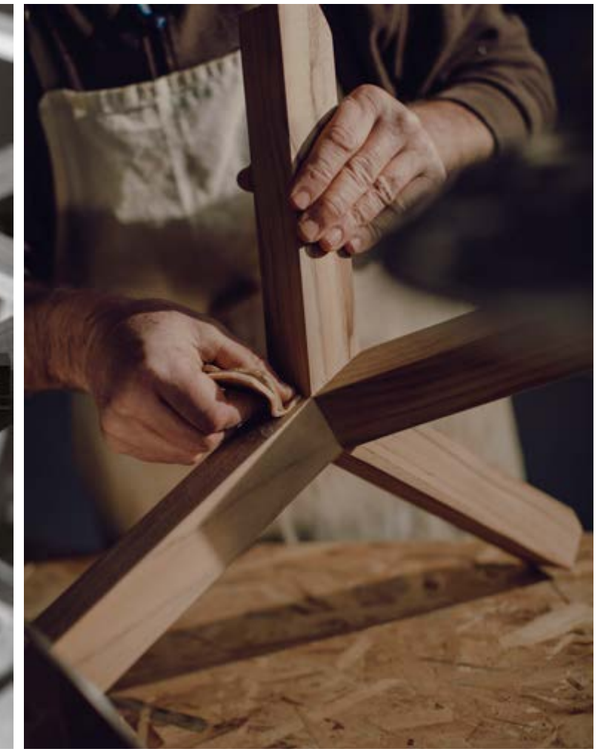
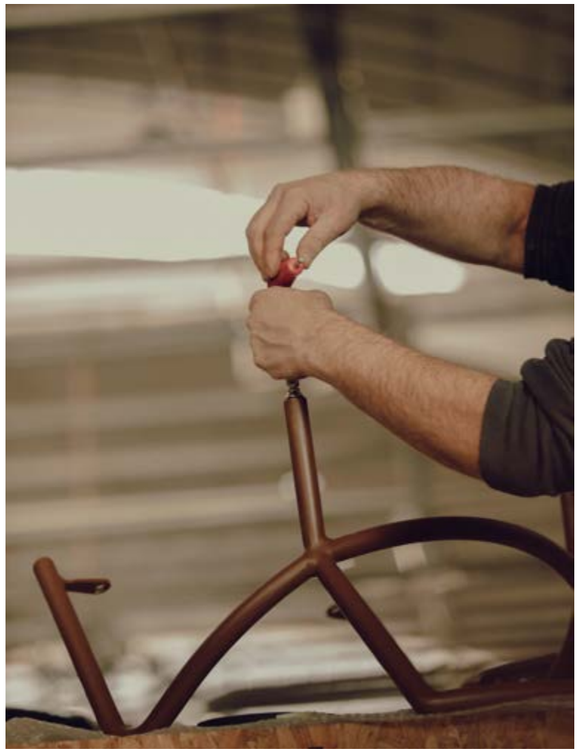
362–429

Innovazione, tecnologia e passione: da oltre trent'anni, RODA propone la propria visione del design italiano nel mondo e detta, con le sue collezioni, le linee di uno stile sofisticato e cosmopolita. Una storia positiva e solida che nasce dall'amore per gli esterni belli e da vivere. E che ha costruito e diffuso a livello internazionale una rinnovata cultura dell'abitare, fatta di nuovi linguaggi estetici, alta qualità e carattere.



All RODA products squarely represent the concept of durability. And durability is a serious quality when you're talking about furniture that must withstand all weather conditions. This means that RODA's materials, assembly techniques and fabrics are very carefully chosen in every detail. Even the fabrics, extremely hi-performing outside, are the result of a technical and stylish design research.



Tutti i prodotti RODA rappresentano perfettamente il concetto di durevolezza, qualità fondamentale quando si parla di arredi che devono resistere a qualsiasi condizione atmosferica. Ciò significa che i materiali, le tecniche di assemblaggio e i tessuti sono scelti con grande cura in ogni dettaglio. Anche i tessuti, estremamente performanti negli ambienti esterni, sono il risultato di un'attenta ricerca di design tra tecnologia e stile.

Teak	Carrara Marble, Luna, Farsena, Gres Natural	Fern, Navy, Paprika	Mole, Orange, Green

Product type	Coffee and side table.
Structure	Teak. Exposure to the weather creates an oxidation patina, one or two millimetres deep, on the wood surface, making it fade to a silver-grey colour. This change does not affect its original characteristics in any way. The grey patina can be avoided or removed by specific maintenance.
Top	Natural stone, matt stoneware in Natural colour, wavy glass or concrete.

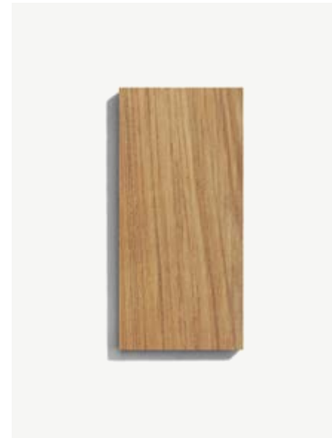
Teak

Weather Resistant (WR) White Teak

Larch, Larice

	Teak	Weather Resistant (WR) White Teak	Larch, Larice*
Quality Qualità	EN Our teak is First European Quality, rated by the FEQ standards. It is used in its natural state (without synthetic surface treatments) for furniture structures and tabletops. IT Teak di prima qualità secondo gli standard FEQ (First European Quality). È utilizzato al naturale e senza alcun trattamento sintetico sulla superficie, sia per le strutture sia per i piani di tavoli e tavolini.		
Appearance Aspetto	EN When exposed to the weather, the surface of teak oxidises, providing the wood with natural protection and giving it a characteristic silver-grey colour. IT In seguito all'esposizione agli agenti atmosferici, il teak subisce sulla sua superficie un processo di ossidazione che protegge naturalmente il legno e ne determina la caratteristica colorazione grigio-argento.	EN The special hue acquired through this treatment brings out the wood's veining, giving the teak an elegant finish with a natural effect. IT La particolare colorazione ottenuta dal trattamento esalta le venature del legno e conferisce al teak una finitura elegante e un effetto naturale.	EN Larch-wood has a two-tone yellow hue and a straight grain. IT Il legno di larice ha una tonalità gialla bicolore e una venatura diritta.
Performance Performance	EN Teak's natural oiliness guarantees exceptional resistance to outdoor conditions, in addition to making it silky to the touch. IT L'oleosità intrinseca del teak garantisce una eccezionale resistenza del legno in esterno e lo rende vellutato al tatto.	EN Whitened teak is obtained by several cycles of brushing and painting that augment the wood's waterproofness and weather-resistance. IT Il teak nella versione di colore bianco subisce diversi cicli di spazzolatura e verniciatura che ne aumentano le proprietà di impermeabilizzazione e resistenza agli agenti atmosferici.	EN Good stability and elevated impermeability make larch an ideal outdoor material. IT Ha una buona stabilità ed elevati livelli di impermeabilità che lo rendono un materiale ideale anche per l'utilizzo in esterno.
Green Vision Green Vision	EN Available upon request: high-quality teak certified by the FSC™, grown under forest-friendly management. IT Su richiesta, legno di teak certificato FSC™ (Forest Stewardship Council) di alta qualità proveniente da piantagioni controllate e certificate dall'organismo della gestione forestale responsabile.	EN Available upon request: high-quality teak certified by the FSC™, grown under forest-friendly management. IT Su richiesta, legno di teak certificato FSC™ (Forest Stewardship Council) di alta qualità proveniente da piantagioni controllate e certificate dall'organismo della gestione forestale responsabile.	
Plus Plus		EN The paint makes the wood impermeable to the absorption of impurities and liquids, meaning less prone to staining. IT La verniciatura rende il legno impermeabile all'assorbimento di impurità e liquidi, quindi meno soggetto a macchie.	

* Larch is used exclusively for Norma cooking module and trays

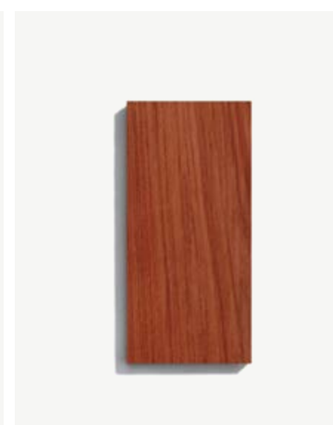


Natural Iroko

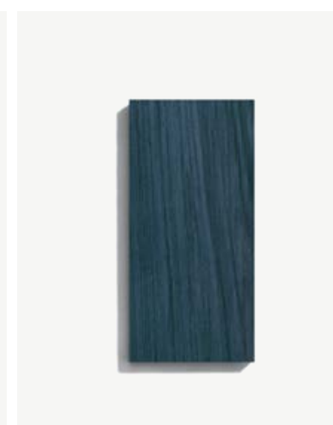
	Iroko Natural
Appearance Aspetto	EN Type of particularly hard, yellowish-brown wood sometimes streaked after maturing, which comes from the forests of the countries of equatorial Africa and South America. IT Tipologia di legno particolarmente duro, di colore giallo-bruno, talvolta variegato dopo la stagionatura, che proviene dalle foreste dei paesi dell'Africa equatoriale e America del Sud.
Green Vision Green Vision	EN Also available with FSC™ certification. IT Disponibile anche con certificazione FSC™.
Quality Qualità	EN Highly resistant to changes in temperature, humidity and atmospheric agents. IT Molto resistente alle variazioni di temperatura, all'umidità e agli agenti atmosferici.

	Iroko Painted
Performance Performance	EN iroko wood undergoes a multi-stage varnishing cycle, which gives the product its colour and makes it more waterproof and weather-resistant. IT Il legno di iroko è sottoposto a un ciclo di verniciatura in più fasi, che conferiscono il colore al prodotto e ne aumentano le caratteristiche di impermeabilità e resistenza agli agenti atmosferici.
Appearance Aspetto	EN Varnishing with a visible grain does not completely cover the wood, but brings out its natural beauty. IT La verniciatura con vena a vista non copre completamente il legno, ma esalta la naturalezza del materiale.

Olive Iroko



Orange Iroko



Blue Iroko

PRODUCTS INDEX

Metal, Metallo

Smoke

Milk

Rust

	Metal, Metallo
Performance Performance	EN Stainless steel 304 and aluminium are highly resistant against weather. The thermoset electrostatic powder coating offers additional protection from corrosion. IT L'acciaio inox 304 e l'alluminio sono molto resistenti agli agenti atmosferici. La verniciatura a polveri elettrostatiche termoindurenti conferisce ai prodotti un'ulteriore protezione dalla corrosione.
Appearance Aspetto	EN Embossing and coloured finishes give the metal naturalness and versatility of usage. IT La goffratura superficiale e la scelta cromatica delle finiture conferiscono naturalezza e trasversalità di utilizzo a un materiale tecnico come il metallo.
Green Vision Green Vision	EN Increasingly, RODA uses aluminium for the production of its furniture. Aluminium can be infinitely recycled without losing quality. IT L'alluminio viene sempre più spesso utilizzato per la produzione degli arredi RODA: un materiale riciclabile all'infinito, senza perdita di qualità.

Stainless Steel

Polyurethane Resin, Resina Poliuretanica

Mole

Grey

	Polyurethane Resin, Resina Poliuretanica
Quality Qualità	EN The polyurethane resin HiREK® is optimal for use on high-quality outdoor furniture thanks to its structural characteristics, mechanical properties and resistance against UV rays and weathering. IT La resina poliuretanica HiREK®, grazie alle sue caratteristiche strutturali, alle proprietà meccaniche e alla resistenza ai raggi UV, ha un ottimo impiego nella realizzazione di arredi di alta qualità per esterni.
Green Vision Green Vision	EN HiREK® resin is 100% made in Italy and completely recyclable. IT HiREK® è 100% made in Italy e totalmente riciclabile.

Cork, Sughero

	Cork, Sughero
Quality Qualità	EN Reconstituted black cork with unique compactness and texture thanks to the way its natural resin maintains the granules united. IT Sughero bruno caratterizzato da compattezza e matericità uniche, grazie alle resine originarie che mantengono uniti i suoi granuli.
Performance Performance	EN This is a sustainable, high-quality material. Lengthy exposure to direct sunlight may result in a natural fading of the cork's brown colour. IT Materiale sostenibile di qualità superiore. L'esposizione diretta e prolungata alla luce del sole può generare una decolorazione naturale.
Green Vision Green Vision	EN The cork used is 100% natural, obtained through an environmentally sound process. Production offcuts become biomass fuel that provides the cork factory with green energy. IT Il sughero utilizzato è naturale al 100%, ottenuto da una produzione ecosostenibile: gli scarti della sua lavorazione diventano biomassa e sopperiscono al fabbisogno energetico con un processo del tutto green.

	Belts/Recycled Belts, Cinghie/Cinghie Riciclate
Quality Qualità	EN Belts of different widths are made of double-twisted polyester or acrylic yarn. Colourfast, durable and hard-wearing. The mounting of the strapping is entirely manual Italian handicraft. IT Le cinghie, di varie dimensioni, sono realizzate con un doppio filo ritorto in fibra di poliestere o acrilico; hanno un'elevata solidità del colore alla luce, alta tenacità e resilienza. La cinghiatura è una lavorazione realizzata completamente a mano, in Italia.
Appearance Aspetto	EN A cotton-like finish gives webbing a natural look and a pleasant feel. IT La finitura cotoniera conferisce una particolare morbidezza e piacevolezza al tatto.
Green Vision Green Vision	EN Recycled belts are regenerated from fabrication offcuts. The process to make them uses less water, less chemicals, and emits less carbon dioxide than producing them new. They are composed of a core of 100% recycled PES plastic and a covering of recycled acrylic fibre. IT Le cinghie riciclate sono rigenerate dal recupero di materiali di produzione attraverso un processo che riduce l'utilizzo di acqua e additivi chimici ed emette meno CO_2: sono composte da un'anima di PES 100%riciclato e da un rivestimento in fibra di acrilico riciclato.

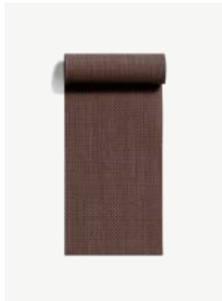
Quality Qualità	EN Cording is made of double-twisted polyester or acrylic yarn. Colourfast, durable and hard-wearing. IT Le corde sono realizzate con un doppio filo ritorto in fibra di poliestere o acrilico; hanno un'elevata solidità del colore alla luce, alta tenacità e resilienza.
Appearance Aspetto	EN Diameters are 3 or 7 millimetres. Their cotton-like finish gives them a natural look and a pleasant feel. IT Le corde hanno un diametro di 3 o 7 mm. La finitura cotoniera conferisce una particolare morbidezza e piacevolezza al tatto.
Green Vision Green Vision	EN Recycled cording is regenerated from fabrication offcuts. The process to make it uses less water, less chemicals, and emits less carbon dioxide than producing them new. They are composed of a core of 100% recycled PES plastic and a covering of recycled acrylic fibre. IT Le corde riciclate sono rigenerate dal recupero di materiali di produzione attraverso un processo che riduce l'utilizzo di acqua e additivi chimici ed emette meno CO_2: sono composte da un'anima di PES 100% riciclato e da un rivestimento in fibra di acrilico riciclato.

Batyline

Grey

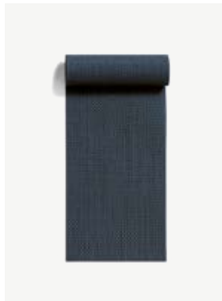
Sand



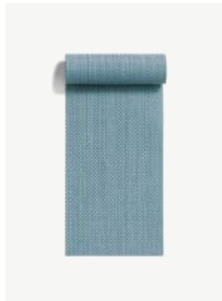
Brown

Ginger

Olive



Navy



Sky

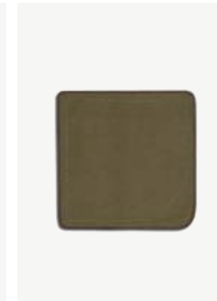
Graphite IMO

Clay IMO

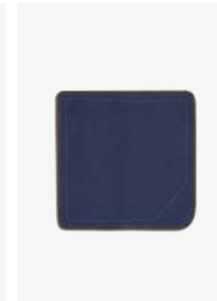
	Batyline
Appearance Aspetto	EN This versatile, structural technical fabric offers durability and sober elegance. The flexible weave makes for extremely comfortable seating. Soft to the touch. IT Tessuto strutturale versatile e pratico. Resistente, sobrio ed elegante alla vista. È caratterizzato da una grande flessibilità che rende le sedute estremamente comode e da una morbidezza tessile al tatto.
Performance Performance	EN Special construction makes the fabric resistant to wear and tear. Sag resistant. Non absorbent. Quick drying. IT La sua particolare costruzione lo rende molto resistente agli agenti atmosferici e agli strappi e garantisce un'ottima stabilità dimensionale. Non assorbe umidità e si asciuga rapidamente.
Plus Plus	EN For the collections Guest and Surfer, Batyline is certified for fire safety by the International Maritime Organisation. High-performance fire-resistance make it suited for use in public spaces. IT Nella versione certificata IMO (International Maritime Organisation), disponibile solo per le collezioni Guest e Surfer, è caratterizzato da alte prestazioni di resistenza al fuoco che lo rendono particolarmente idoneo agli utilizzi negli spazi collettivi.

Canvas

Sand



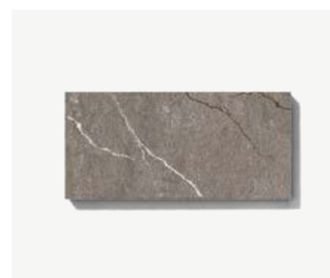
Green



Blue

	Canvas
Appearance Aspetto	EN All-cotton structural fabric. Waterproofed with Teflon, meaning the natural fibres retain their softness and freshness. IT Tessuto strutturale in puro cotone. È impermeabilizzato mediante teflonatura, trattamento che permette di mantenere la morbidezza e la freschezza proprie della fibra naturale.
Plus Plus	EN The canvas is trimmed with leather, creating a pleasant contrast with the cotton fabric. The canvas is 100% made in Italy. IT Il canvas è impreziosito da un profilo in pelle che crea un gradevole contrasto con la semplicità del tessuto. È 100% made in Italy.

Stone, Pietre



Farsena

Carrara Marble

Luna

Simplon White

	Stone, Pietre
Appearance Aspetto	EN Natural stone selected by RODA is unique in its veining, making each piece unique. IT Le pietre selezionate da RODA sono naturali, dunque uniche. Eventuali cristalli o fiammature sono peculiarità di ogni singola pietra.
Performance Performance	EN Stone tabletops receive a light anti-stain sealer. This can be renewed every year with a specific stone and concrete protector. Application of such products may darken the stone's colour. IT I piani di pietra hanno un leggero trattamento anti-macchia che può essere ripristinato ogni anno con l'utilizzo di un prodotto di protezione adeguato (come lo "Stone and Concrete Protector"). L'applicazione del trattamento può far assumere alla pietra una tonalità leggermente più scura.

Concrete, Cemento

Gray

Mole

Orange

Green

	Concrete, Cemento
Appearance Aspetto	EN Solid yet refined in its finish. Formed by the pouring of calcium aluminate and calcium silicate in a monobloc mould. IT Materiale solido e dalla finitura raffinata. È formato dalla miscela di silicati e alluminati di calcio, modellato mediante uno stampo monoblocco.
Plus Plus	EN The grit already present in the cement is visually emphasised by light sanding. The obtained surface is then treated with a water- and oil-repellent to improve weather-resistance. IT La graniglia, già presente nel cemento, affiora in superficie in grazie a una leggera levigatura del piano. La superficie levigata è poi trattata con un trattamento idro-oleo repellente che ne aumenta l'impermeabilizzazione.

Wavy Glass

Paprika

Blue

Fern

	Wavy Glass
Appearance Aspetto	EN The textured surface, uneven and irregular, is less prone to scratches compared to a smooth one. The rippled effect breaks up the material's transparency, creating plays of light and reflections. As a result, the color appears iridescent, varying in intensity and brightness. IT La superficie a rilievo, mossa e irregolare, risulta meno soggetta a graffi rispetto a quella liscia. L'effetto increspato, spezza la trasparenza del materiale, generando giochi di riflessi. Il colore appare così cangiante, variando in intensità e luminosità.
Plus Plus	EN The double layer of paint that gives the glass its colour is protected and enclosed between two sheets of glass; therefore, it will not age or suffer from possible defects due to use and wear. IT Il doppio strato di vernice che conferisce il colore al vetro è protetto e racchiuso tra due lastre di vetro per non variare nel tempo o presentare possibili difetti dovuti all'uso e all'usura.

Gres (Stoneware)

Sand

Mole

Lead

	Gres (Stoneware)
Appearance Aspetto	EN Matt stoneware is given neutral colours, pleasantly tranquil and refined. IT La finitura opaca del gres si declina in sfumature di colore dai toni neutri, sobri e raffinati. Il grande formato permette l'utilizzo di lastre uniche, senza fughe, anche su tavoli di ampie dimensioni, contenute da una cornice di metallo o legno.
Performance Performance	EN Composed of pure ingredients compacted at high temperatures, without the addition of synthetic resin. Non-porous, shock-absorbent and resistant to bending. Frostproof and impermeable. 100% made in Italy. IT Grazie all'utilizzo di materiali puri compattati tra loro ad alte temperature, senza l'aggiunta di resine sintetiche, il gres risulta molto resistente agli urti e alla flessione. La superficie non porosa lo rende un materiale non gelivo e non assorbente. 100% made in Italy.
Green Vision Green Vision	EN Selected by RODA for its sustainable qualities. Its innovative recipe is based on 70% recycled material. IT Un materiale selezionato da RODA perché attento alla sostenibilità, grazie a una ricetta innovativa che può accogliere più del 70% di materiale riciclato.

Gres

Natural

	Gres
Appearance Aspetto	EN Modern, matt and textured, neutral-coloured and versatile finish. IT Finitura moderna, opaca e materica, dal colore neutro e versatile.
Performance Performance	EN Solid, robust and with a compact structure. The thickness and finish of the edge allow for transversal use on many tables and coffee tables. IT Solido, robusto e con una struttura compatta. Lo spessore e la finitura del bordo consentono un utilizzo trasversale su molti tavoli e tavolini.
Green Vision Green Vision	EN Material made without polluting emissions and with total recycling of raw waste and wastewater. IT Materiale realizzato in assenza di emissioni inquinanti e con il totale recupero di scarti crudi e acque reflue.

Curtains, Tende

White

Grey

	White	Grey
Quality Qualità	EN Trevira CS is a flame-retardant polyester fabric with a soft, fresh handle. Withstands wear and tear. IT Tessuto in poliestere Trevira CS, dalla mano morbida e fresca. Ha proprietà ignifughe ed elevata resistenza alle sollecitazioni.	EN 100% acrylic fabric with high resistance to wear and tear. Colourfast against UV rays. IT Tessuto 100% acrilico che garantisce alta resistenza meccanica ed elevata stabilità del colore ai raggi UV.

Sintered Stone, Pietra Sinterizzata

Lapitec® Mole Sintered Stone (used only for Norma kitchen)

	Sintered Stone, Pietra Sinterizzata
Appearance Aspetto	EN Sintered stone is made of minerals heated to form a solid impenetrable mass with the finishes and colours of natural stone. IT La pietra sinterizzata unisce le potenzialità del porcellanato tecnico con finiture e colori tipici della pietra naturale.
Performance Performance	EN The non-porous surface cannot be scratched, burned or stained. Resistant to mould and bacteria. Durable, weatherproof, shock-proof. Unaffected by UV rays, acid, alkali, fire and frost. IT La superficie non assorbe e non si macchia. È un prodotto incorruttibile dal tempo, dagli agenti atmosferici e dai raggi UV; è inattaccabile da acidi e solventi, muffe e batteri; è resistente all'urto e all'abrasione, incombustibile e non gelivo.
Green Vision Green Vision	EN Lapitec® sintered stone slabs contain neither resin nor petroleum derivatives. IT La struttura della pietra sinterizzata a "tutta massa" Lapitec® non comporta l'uso di resine e derivati del petrolio.

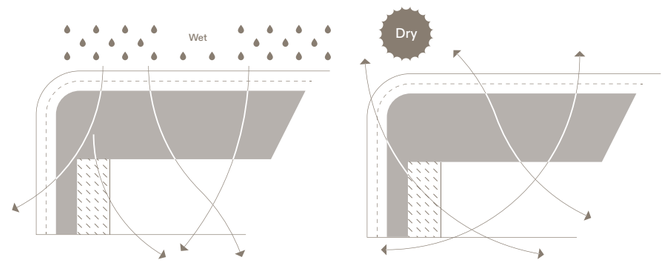
Hydro Draining Cushions
Cuscini Idrodrenanti

EN The hydro-draining technology used for RODA cushions leads to padding that lets the water run out easily and quickly. Abundant inner-cushion air circulation is another factor that promotes swift, complete drying to avoid mildew and deterioration. Hydro-draining padding uses open-cell polyurethane enclosed in breathable mesh. In particular, the backrest cushions' padding is enveloped by a technical mesh that divides the fibre into sections to obtain variable densities. This inner structure improves comfort and holds its shape over time. The underside of the seat and backrest cushions is equipped with mesh that encourages water to drain out and air to flow in.
IT La tecnologia idrodrenante applicata ai cuscini RODA si basa sulla capacità dei materiali utilizzati di drenare velocemente l'acqua e di consentire un veloce e abbondante ricircolo di aria. In questo modo si ottiene un'asciugatura rapida e completa dell'imbottito, evitando il deterioramento del prodotto e la comparsa di muffe. I cuscini idrodrenanti sono realizzati con un'imbottitura drenante a cella aperta, avvolta da una rete traspirante; in particolare, l'imbottitura dei cuscini di schienale è racchiusa da un involucro di rete tecnica che divide la fibra in diverse "camere" per ottenere densità variabili; questa struttura interna favorisce il comfort e il mantenimento del volume nel tempo. La parte inferiore dei cuscini di seduta e di schienale prevede una rete che consente la fuoriuscita dell'acqua e il passaggio dell'aria all'interno del cuscino.



Hydro Draining Technology applied to the upholstered collections
Tecnologia Idrodrenante applicata alle collezioni imbottite

EN The upholstered RODA furniture collections feature high-performance breathability and water-draining capacity. Maximum levels of effectiveness are reached by combining open-cell polyurethane of different densities in a way that makes water travel out immediately while ensuring soft comfort and support. The frames supporting the cushions are generally made of powder-coated aluminium, meaning they are light-weight, robust and weather-resistant.
IT Le collezioni imbottite approfondiscono il concetto di traspirabilità dei cuscini idrodrenanti, portandolo al massimo livello di complessità ed efficienza, combinando poliuretani a cella aperta di differenti densità, per consentire il drenaggio dell'acqua e assicurare un perfetto comfort di seduta. Le strutture, su cui vengono applicati gli imbottiti, sono generalmente prodotte in alluminio verniciato a polvere, per garantire maggiore leggerezza, robustezza e totale resistenza agli agenti atmosferici.
